2019 PRODUCT CATALOG

BEST IN GUN SAFES AND MORE

PROTECTING & SECURING AMERICA

WELCOME

These are exciting times at Rhino Metals, with plenty of great new products rolling out and bold new directions. For those of you already familiar with us, as you look through this catalog you'll note a lot of changes to our product line. Internally, we've made equally important improvements in our operations and production processes, making us stronger, faster, and more efficient in delivering quality customer service and products to our customers. So while there have been many changes, we remain committed to the same simple business principles that got us to where we are today... taking care of you, the customer, and making sure we make the best products we can.

Protecting and Securing America,

Team Rhino

THE RHINO METALS STORY

★★★ HANDCRAFTED ★ BUILT TO LAST ★★★

COMMITMENT TO EXCELLENCE...DISCIPLINE

For American fighter pilots, these are more than just words; they are the code to live by. It's this culture of excellence that makes our fighter pilots the best in the world at protecting us against evil. And in this world we live in, there is no end to the evil that seeks to threaten our lives, liberty and property. One seasoned fighter pilot took this ethos of excellence, instilled through years of flying fighters, and applied it to the business world, to develop superior security products for Americans.

VISIT OUR YOUTUBE PAGE AT: RHINO METALS - TO WATCH OUR STORY

In an age of large corporations and ever cheapening mass production, his unique approach has set his company apart, and set a new precedent for quality and innovation.

Rhino Metals Ironworks products stand as proof of total commitment to excellence in one's craft. Meant to stand the test of time, to be passed on from one generation to the next, the Ironworks is not just a product. It is art, revealed in American craftsmanship. . . the same kind of craftsmanship that built this country.

And craftsmanship, by definition, is not built by robots on mass production lines. It takes the skill, sweat, and talent of a team to produce the most beautiful and secure safes in the world.

That's why you'll find committed craftsman in the Rhino Metals Caldwell, Idaho factory, where the Ironworks and Rhino safes are made today.

Rhino Metals was forged from this ethos of excellence and discipline. . . and it is the driving force behind everything we do, from product design to customer service.

Part art, part furniture, and all security, Rhino Metals safes are built to protect you and your family from the uncertainties and evils of this world, and offer more convenience than any other brand.

Rhino Metals stands apart from the competition, with safes and other products that are a cut above in both form and function.

And like the fighter pilots protecting this great country, we are here for you, securing America, one safe at a time.

Rhino Metals. . . everything else is just storage.

QUALITY AND INNOVATION

MORE CONVENIENCE

With the swing out gun rack, you'll be able to store more and get to your guns faster and with less damage. No more digging through your guns to get to the one you want.

SO MUCH ACCESS, YOU CAN SIT IN YOUR SAFE SPACE

External hinges give you a full 180 degrees of door opening and complete fire lining around the door frame (inferior internal hinge designs have large gaps in fire lining inside the door where the hinges attach to the body).

MORE STYLE

Rhino Ironworks. . . Art, revealed in American craftsmanship.

MORE SECURITY

Long travel, large diameter locking bolts provide up to 40% more locking engagement than typical gun safes, for superior pry protection. Thicker bodies, doors and fire lining provide superior security and fire protection. In some cases, up to 50% thicker than typical gun safes.

THE BEST WARRANTY IN THE BUSINESS

Free repair or replacement in the event of fire and attempted or actual break-in. We also have the best customer support center based in Idaho.

RHINO METALS

RHINO VINTAGE FURNITURE

★★★ AMERICAN MADE ★ HANDCRAFTED ★ BUILT TO LAST ★★★

In an age where cheap mass production and uniformity is the norm, our furniture is unique. Each piece is skillfully and laboriously hand-distressed by trained craftsmen to enhance its appeal, giving the look and feel of a treasured heirloom.

Color and grain variations, nicks, scratches and other surface marks bring out the individual character of the steel it was created from, giving it an antiqued and well-worn look.

No two are alike and each speaks of the time and hands that have formed it...**AS IT SHOULD BE.**
